Proud Sponsor of
Mulberry Hall

Dear Families,

Well the term has definitely flown by quickly. With only one week until the end of term we look back on our highlights, reflect on our progress and set goals for next term.

Harmony Week (20-24th March) is the celebration that recognises our diversity and brings together Australians from all different backgrounds. Students were involved in a range of learning activities throughout the week which culminated in a fun filled assembly. It was great to see so many parents attend, wearing orange and joining in with the singing and story. Students then went outside to pop their class balloon which was filled with kindness messages. Students also worked with their buddies during Buddy Class activities. A big thank you to Anna for all of her work in making the week successful and students sharing the messages of kindness.

Yr 3-6 Swimming Carnival (30th March) - Although the weather tried to spoil the day by drizzling misty rain for over an hour it did not spoil the day for our students. Our House Captains did a great job setting up each of their tents and warming students up with the Health Hustle and House Cries. Then the races began with our students in yr 4-6 showing off their swimming skills earning points for their teams. Our Year 3s also hopped into the pool doing a range of fun races and dance parties. All the students enjoyed the novelty races with the big blow up toys. Joe and Shannon showed their commitment by hopping into the water to join in and encourage the students. Lisa, Michael and I were happy to squirt students as requested with our water soakers. Congratulations to the House Captains—**Mia and Ricky - Barossa, Sarah and Beau—Millbrook, Harry and Sofia—Warren** and **Zoe and Willow—Para** for cheering their teams on. **Para** was the winning team on the day. A big thank you to Joe for all of his organisation and preparation for the day.

Parent teacher interviews were well attended and teachers have set goals for students to work on for the next term. If you were unable to make a time to meet with your child's class teacher please send them an email to set up a new time either face to face or via a phone conversation. Working in partnership with you and sharing information about your child helps set them up for success in the classroom.

During term 2, once we are familiar and happy with the format, we will launch a **revamped school newsletter**. Parent feedback at the end of 2022 indicated that the newsletter was difficult to read and access on mobile devices. We will be using the program Sway to format and publish. We look forward to your feedback once launched. We are also looking into other programs which will enable parents to complete online permission forms, making it easier for parents to sign off on permissions and for staff to collect notifications of who will be attending.

Norwood's ANZAC Day Dawn Service is returning at the Norwood War Memorial, cnr Osmond Tce and The Parade. Students from our school have been invited to lay a wreath. The service commences at 0620 hours on Tuesday 25th April. Students will be in school uniform. If you are attending and would like to stand together as a group we are meeting at Sfizio's at 6am.

We "hop you all have an eggsellent Easter" break, enjoy the school holidays and we look forward to next term.

Kind regards,
Melissa

KEYS TO HAPPIER LIVING

Exercising

Take care of your body

Be active

Relax

Rest

ACTION FOR HAPPINESS

Action For Happiness: Exercising

Taking care of your body is good for your mind. They're connected!

There are lots of ways we can look after ourselves physically - exercising, moving more during the day, getting enough rest, eating nourishing food, staying hydrated and getting out into daylight. These all directly impact how well we feel and function. They can be instant mood boosters as well as being good for our mental and physical health longer term.

Exercise and being physically active can help us manage, treat and even prevent depression and anxiety. It can boost our confidence, help us manage stress, and help us sleep and think better too - improving how well our brain functions.

There are simple things we can all do to be more active each day eg. walk, run, dance, swim, cycle, yoga...the list is almost endless and can make a difference to how we feel!

Getting enough, good quality sleep is also vital for our physical, emotional and psychological functioning but it's not always easy when our minds are busy, or technology is tempting! Investing in your rest isn't a luxury, it's important to help you feel happier and there are lots of actions you can try that can help.

This April calendar has daily actions to bring happiness to ourselves and others.

See how many of these actions you can do as a family.

Active April 2023

MONDAY

TUESDAY

WEDNESDAY

THURSDAY

FRIDAY

SATURDAY

SUNDAY

3 Listen to your body and be grateful for what it can do

4 Eat healthy and natural food today and drink lots of water

5 Turn a regular activity into a playful game today

6 Do a body-scan meditation and really notice how your body feels

7 Get natural light early in the day. Dim the lights in the evening

8 Give your body a boost by laughing or making someone laugh

9 Turn your housework or chores into a fun form of exercise

10 Have a day with less screen time and more movement

11 Set yourself an exercise goal or sign up to an activity challenge

12 Move as much as possible, even if you're stuck inside

13 Make sleep a priority and go to bed in good time

14 Relax your body & mind with yoga, tai chi or meditation

15 Get active by singing today (even if you think you can't sing!)

16 Go exploring around your local area and notice new things

17 Be active outside. Dig up weeds or plant some seeds

18 Try a new online exercise, activity or dance class

19 Spend less time sitting today. Get up and move more often

20 Focus on 'eating a rainbow' of multi-coloured vegetables today

21 Regularly pause to stretch and breathe during the day

22 Enjoy moving to your favourite music. Really go for it

23 Go out and do an errand for a loved one or neighbour

24 Get active in nature. Feed the birds or go wildlife-spotting

25 Have a 'no screens' night and take time to recharge yourself

26 Take an extra break in your day and walk outside for 15 minutes

27 Find a fun exercise to do while waiting for the kettle to boil

28 Meet a friend outside for a walk and a chat

29 Become an activist for a cause you really believe in

30 Make time to run, swim, dance, cycle or stretch today

ACTION FOR HAPPINESS

Happier · Kinder · Together

Governing Council News

During our 2nd governing council meeting for 2023 held Monday 20th March, amendments to the Norwood Primary School Constitution were discussed and tabled to be sent for review by the Department of Education. We also discussed the viability of commencing an age appropriate 8-week coding camp within NPS premises on Mondays during after school hours. Further information on this was emailed to families recently.

NPS is happy to announce that it has appointed Sinead Tillman as an Autism Inclusion Teacher. The school is given 0.1 salary to facilitate this. Part of her role is to attend training and trial diverse strategies in her class while providing a pathway for other staff to be informed and updated.

The school's homework policy has been given a fresh face by providing staff members and SRC students the opportunity to present feedback on the policy. Parents can also expect a Mobile Devices Policy to be circulated soon.

The recently concluded Italian Day was well received and a huge round of appreciation goes out to all the parents who helped us with the gelati distribution on this day. We are finalizing an exciting round up of community engagement initiatives and events for Term 2 with our annual Art Show sausage sizzle-bake stall, walk safely to school fundraiser, DoNs, MoNs, a coffee morning and a couple of new initiatives for parent reps and the community to get together.

With the school assemblies now being open for parent participation, we urge our wonderful school community to attend all our events and your involvement would certainly help us raise more funds for the school and help us with some important tasks such as classroom reading, excursions and assistance in the uniform shop. You can also help us make improvements by sharing your valuable ideas and feedback. Please reach out to Mel, Lisa, Michael or any of the governing council members.

Iresha Degamboda on behalf of the Governing Council

Kaurna Garden

We are very excited to see the significant progress made with the development of our Kaurna garden in recent weeks. This has been an ongoing joint project with NOSHC and supported by our Governing Council. Betterland Landscaping have completed the earthworks which provide the structure of the garden, and with the support of the St Peters Rotary Club and the NPSP Local Council we have been able to purchase over 20 different varieties of native plants which are indigenous to Tarntanya (the Adelaide Plains).

The garden itself is designed to tell the story of the movement of Kaurna people as the seasons change and how this links to their traditional lifestyle. One end of the garden represents the wooded area in the foothills of the ranges to the east of Tarntanya, with large plants and a *wadli* (shelter). The area at the other end represents the coastal areas to the west of Tarntanya, with a rocky coastline and washed stone as a base representing the beach. The *tapa* (path) in the middle links the two areas, representing the seasonal movement of Kaurna people as they moved from country to coast in the warmer months and to source season foods. The stone seating area in the centre of the garden represents a *Palti Circle*, traditionally used for celebrating songs and dances with community. The stones are arranged in an open circle to invite all community members to be involved. The garden has plantings which have been specifically chosen to link to traditional foods, medicines and tools. The purpose of the garden is to create a living outdoor classroom, where Local Community members can come to share their knowledge and experiences of traditional practices. Our teachers will link the garden to the Australian Curriculum and walk alongside students as they explore the traditional practices of First Nations People. NOSHC will also use the garden to extend their Aboriginal Education programs. We will continue to strengthen our relationship with First Nations Community as we add to the garden, creating a physical celebration of our growing connection to Kaurna land.

What have we been doing?

This term we have been learning how digital systems work, interact with peripheral devices and form networks. Our first task was to revise our systems thinking skills. This helped us to understand how lots of parts can work together for a purpose. We also looked at how digital systems have changed over time, which not only puts today's technology in context, but also introduces us to basic concepts such as input, process, storage and output. The early years were able to identify digital systems and some of their parts, while primary and middle years identified different peripheral devices as input or output. We looked inside digital devices, identified their main components and learnt what each part does within the whole system. We recognised the difference between hardware and software and identified software as instructions that "tell the computer what to do." During the latter half of the term, the early years continued to develop their initial coding skills while primary and middle years began to focus on specific parts or technologies. Primary years were able to look inside and understand real computer mice, while middle years learnt how data is sorted and transferred over networks as packets. They also familiarised themselves with the internal workings of smart phones, noticing the similarities with other computers and recognising their sensors as input devices.

Identifying the parts inside a computer.

Understanding networks

Creating instructions that tell a computer to respond to an input with an output.

Understanding the inner workings of an input device.

What's happening next?

We now understand what digital systems are and how they transmit, store and process data. But what exactly is data and what do we mean by digital? Term 2 will see us learning about binary data and how digital systems use 1s and 0s to represent numbers, letters, sounds and pictures. During the second half of term 2 we will embark on a unit of work which combines digital and design technologies to design a computer game. The early years will learn how computers follow step by step instructions to perform tasks. Upper years will be designing and creating algorithms to make their games.

Feature - TECHFLIX

Tucked away in a quiet corner of our tech room, we now have TECHFLIX. Techflix is a place where children can choose from a growing selection of curated technology based videos. Whilst the interface may resemble Netflix, the content has been carefully selected to support our learning.

RECOGNISING PEOPLE IN PUBLIC EDUCATION

Government of South Australia
Department for Education

Every day, those working in public education shape futures by inspiring children and young people to reach their full potential. ThankED gives everyone the chance to celebrate and thank our educators and education staff who are making a difference. Send a message through ThankED and say thanks to a teacher, leader or other education team member.

LA FESTA ITALIANA

Italian Festival

mercoledì il 8 marzo

We would like to say a big thank you to parents, students and staff for their important role in helping to make the day successful and fun. We pushed through, even though the weather was against us!

A special thank you to the competent Year 6 students for hosting the assembly, along with the many Year 6 volunteers, who willingly gave their time and effort to organise and help manage the lunch time activities. Well done to the Year 5 dance group for their enthusiasm and rehearsals during their lunch breaks. Thank you also to the parents and students who efficiently distributed the gelati to classes. The large gelati cups were a hit this year!

There were many positive comments from students, who look forward to the Italian Day every two years. They loved the activities at lunch, dancing, music, piano accordion, dressing up, buddy activities and of course, the gelati was a delicious highlight!

Grazie,

Selina and Marissa

Year 5 Tarantella Dance Group

Is that Leonardo Da Vinci?

Buddy activity – Rms 6 & 10. Che bello!

Soccer at break time

Mona Lisa buddy activity, Rms 7 & 15

Chicken Dance at Assembly

Here are some student comments about la festa...

- “I liked making the paper chains with my buddy.” (Brooke, Reception)
- “I think it was really fun and I liked the music and seeing everyone’s costumes.” (Ed, Year 1)
- “I liked the Italian Day and I liked getting the Leaning Tower of Pisa photo with Abigail.” (Amalia, Year 2)
- “I liked the dancing at the assembly and at break time.” (Aleah, Year 3)
- “We enjoyed drawing our Mona Lisa picture with our buddy class.” (Teddy, Year 4)
- “At the assembly it was amazing to see and hear the piano accordion played.” (Amy, Year 5)
- “I liked the gelato because it was bigger than I thought it would be.” (Bradley, Year 6)

Rm 10 sharing their Italian learning

Macarena

Year 1s singing the greetings songs

Our amazing assembly presenters - Zoe R, Gabriella, Lincoln, Arjun & Sofia

Signor Lino, we loved the piano accordion!

Pizza delivery races at break time

Adelaide Strikers Primary School Cricket 2022/23

Term 1—Norwood PS Cricket B Grade

After a long hiatus, it was great to see a cricket team representation for year 4 from the school. It was surprising and equally exciting to see under 12 years students transition to serious and competitive cricket competition in a short time frame! This competition was a test of stamina (20 over a side), synergy and fun. The Norwood Primary School cricket team, with children from years 3, 4 and 6 participated in the competition.

Our team competed against Marryatville Primary, Linden Park Primary, Burnside Primary, St Joseph's, East Adelaide and Magill Schools. Each player showed great character contributing to victory in 5 of their 6 games (all away games and at different venues).

Highlights:

Game 1 – Norwood PS vs Marryatville PS B – NPS Won

Game 2 – Norwood PS vs Linden Park PS B – NPS Won

Game 3 – Norwood PS vs Burnside PS B – NPS Won

Game 4 – Norwood PS vs St Joseph's Hectorville – NPS Won

Game 5 – Norwood PS vs East Adelaide – NPS Lost

Game 6 – Norwood PS vs Magill School – NPS Won

A big thank you to Joe and Jocelyn for team enrolment, encouragement and enabling resources. A massive thanks to all parent volunteers for devoting their early morning time on Saturdays, assisting with ground readiness, umpiring, scoring and getting kids ready with their gear.

Looking forward for more enrolments in Term 4 and exciting games of cricket!!!

Shiva Kumar (dad of Anish) - Coach

SPORTS

AMAZING AUTUMN SPORTS!

LEARN NEW SPORTS SKILLS IN TERM 2
NORWOOD PRIMARY SCHOOL

BOOK ONLINE NOW AT

KELLYSPORTS.COM.AU

Programmes for R-2 students run weekly on one day a week for one hour.

This term we will focus on the following sports:

- ✓ Football
- ✓ Soccer
- ✓ Netball
- ✓ Basketball

This weekly programme gives children skills and confidence in a fun and enjoyable environment. It also encourages their enthusiasm for sport and the life skills that such involvement brings - giving them confidence to join sports clubs and teams in the future. Children will learn all four sports over an 8 week program.

8 WEEK PROGRAM FOR \$120 INCL. GST

OR redeem your \$100 Sports Voucher and pay only \$20!

WHEN: Wednesday
COMMENCING: 10/5/2023
CONCLUDING: 28/6/2023
TIME: 3:20pm-4:20pm
MEETING PLACE: Veranda outside office
