

Year 3

LITERACY

Handwriting: Write words using joined letters that are clearly formed and consistent in size.

Spelling: Understand how to apply knowledge of phoneme-grapheme (sound-letter) relationships, syllables, and blending and segmenting to fluently write multisyllabic words with more complex letter patterns. Students participate in explicit spelling instruction and literacy rotations to develop skills.

Morphology: Understand how to apply knowledge of common base words, prefixes, suffixes and generalisations for adding a suffix to a base word to read and comprehend new multimorphemic words.

Engaging with Texts: Responding to texts verbally and through writing. Answering inferential and literal questions about texts. Daily 5 tasks – Read to Self, partner reading, Epic, Fearless Writing, Guided Reading groups.

Functional Grammar: Exploring the participant, process and circumstances (nouns, verbs and adjectives). Simple, Compound and Complex sentences. Expanding Vocabulary

Developing Listening and Speaking skills: Listen, respond, communicate, interact and give short presentations. Partner, group and class discussions, oral presentations, class meetings, and assembly presentations.

Writing with and without prompts: Creating text with minimal intervention and instruction and from visual/verbal prompts.

Information Reports:

Planning and creating informative texts following text structure and utilising language features to add detail.

Using factual information, strong sentence starters and descriptive language.

Learning Dispositions: Resilience, Reflective, Empathetic

WELLBEING

Actions for Happiness. The GREAT DREAM – Wellbeing Wednesday

Introduce functions and anatomy of the brain and how it enables motivation and growth.

Practicing applying a growth mindset and our understanding of the Learning Pit

Friendology

Keeping Safe: Child Protection Curriculum.

Self-regulation strategies and skills.

Self-reflect on growth, achievements and future goals.

Effective Learner Time

THE ARTS

Visual Arts: Exploring the seven elements of visual arts.

Using different modes to create art pieces to convey various scenarios, ideas, and emotions.

Term 3 Overview

NUMERACY

Daily Maths Reviews: Fluently recalling and utilising strategies for solving addition, subtraction, multiplication and related division facts. Representing Fractions, exploring elapsed time and measurement.

Measurement and Geometry: Measure, order and compare objects using scales and estimations with familiar metric units of length (mm, cm, m, km), mass (g, kg) and capacity (mL, L). Represent money values in multiple ways and count the change required for simple transactions to the nearest five cents.

Space and Geometry: Make, compare and classify objects and describe features and how they suit the purpose of the object.

Inquiry: Open-ended problem solving. Investigation through games and hands on activities. Maths language vocabulary. Strategies to support problem-solving

Mapping: (HASS aligned): Interpret and create two-dimensional representations of familiar environments. Include representations of environment features in mapping.

Learning Dispositions: Resilience, Reflective, Resourceful

HASS

Discussing celebrations and commemorations in Australia

Exploring symbols and legends on maps Looking at the diverse types of settlements around the world

Neighbouring countries – locations and climates

Importance of Country/Place to Aboriginal and/or Torres

Strait Islander

Learning Dispositions: Empathetic, Curious, Responsible

HEALTH AND PE

BodyBright program integration.

Daily Fitness routines

Fair play and teamwork focuses.

SCIENCE

Investigation that living things can be grouped on the basis of observable features and can be distinguished from nonliving things.

Characteristics of Movement, Respiration, Sensitivity, Growth, Reproduction (life cycles), Excretion and Nutrition (MRS GREN)

Engaging and influencing with Science. Noticing and questioning facts.

Exploring scientifically by utilising thinking, analysis and evaluating strategies and thinking processes to communicate with purpose.

Learning Dispositions: curiosity, open-mindedness, environmentally responsible

DIGITAL TECHNOLOGIES

Safe use of online resources in the classroom and learning spaces.

Using software to explore and demonstrate learning.

Learning to use devices and their accessories to produce work and complete tasks.

Kind regards, Tenille and Grace.
